I benefit from listeneing to XM Satellite Radio & its traffic & weather channels. Satellite radio provides variety & quality that are not available elsewhere. Since I am paying for these services I don't think it should be up to thre National Association of Broadcasters to dictate what I am permitted to hear. Please reject the NAB's petition 04-160 and support SM's ability to provide the kind of programming that I demand & deserve.

Thank you,
Patricia Kelley
